## SUMMARY

Motivated and detail-oriented IT student currently pursuing studies in web development with a strong focus on full-stack technologies. Skilled in front-end and back-end development using modern tools such as HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB. Eager to apply hands-on experience from school projects to real-world development environments. Passionate about building responsive, user-friendly web applications and continuously learning new technologies to grow as a full-stack developer.

## EXPERIENCE

Production Operator, Hayakawa Component Technologies Inc, Cavite, Philippines

**Sep 2017 — May 2019**

- Focused on the precise assembly of high-quality wire harness products for electronic and electrical applications.
- Ensured all assembled components met strict quality standards through careful attention to detail and compliance with ISO 9001:2015 guidelines.
- Performed final inspections to detect any defects or inconsistencies before shipment, maintaining zero-defect standards.
- Supported continuous improvement by identifying minor assembly issues and contributing to process refinements.

## EDUCATION

Rinconada National Technical Vocational School, High School, Iriga City Camsur, Philippines

**2011 — 2019**

Yokohama International Education Academy, Japanese Language, Yokohama, Japan

**2022 — 2024**
